Gendrix Rollon
Manager, Human Resources
Jairosoft Inc.
1047 Buhangin, Davao City

Dear Mr. Rollon:

I am writing to express my interest in the web developer position at Jairosoft Company, as advertised on *CareerBuilder*. With a Bachelor's degree in Information Technology and over 7 years of experience in web development, I am eager to bring my expertise to your dynamic team.

Your advertisement specifies a preference for candidates with a BS in Information. However, I firmly believe that my extensive experience and honed skills equip me exceptionally well for this position:

- **Front-end Development:** Proficient in HTML, CSS, and JavaScript, with hands-on experience in frameworks like React js and Angular.
- **Back-end Proficiency:** Skilled in Node and Express.js for back-end development, along with database management using MySQL.
- **Version Control & Methodologies:** Proficient in Git for version control and adept at Agile methodologies for streamlined project management.
- **Problem-solving & Collaboration:** Demonstrated ability to lead development teams, solve complex problems, and collaborate effectively across departments.

My extensive experience and abilities are poised to significantly enhance operations at Jairosoft Inc. I am eager to explore how my skill set can contribute to the innovative projects within your organization. I welcome the opportunity to discuss potential collaborations further and am available for a meeting at your earliest convenience. Please feel free to reach out to me at alibanan@gmail.com.

Sincerely yours,

Angelika Libanan
